

LOTS MORE LIGHT.

HOW THE TOWN OF BERKELEY IS TO BE LIGHTED.

The Complete Report of the Electric Light Committee for Our Readers.

Electric Light Report.

The following is the report of the Electric Light Committee which was adopted at the last meeting of the Board of Trustees, and for which bids are called for in another column. The report shows where all of the street lights will be placed in the future:

All the poles that are now the property of the town can be used for stringing wires thereon, for this service, the wires on said poles to be placed at the greatest distance from the ground that the height of the poles will permit. All additional poles must be of such a height that all wires suspended therefrom shall be at least twenty feet from the ground. In all places where lights are placed on corners, the pole upon which said light is situated, shall be placed as near the curb and as near the exact corner as possible, if said curb were not rounded. All new poles are to be painted a suitable color. All wires are to be suspended from crossarms and no brackets are to be used except by and with the consent of the Superintendent of Streets.

White enameled reflectors, properly hooded, are to be used in connection with incandescent lamps of 32 C. P. each, one reflector and one lamp are to be used where each light is located as herein specified, or that may hereafter be specified.

The hooded reflectors are to be suspended from arms manufactured from wrought iron pipe, said arms to be not less than six feet in length. The arms are to be attached to the poles so that the light extends into the streets, and said arms are to be placed at an angle of forty-five degrees from the intersection of streets, where said streets intersect at right angles, and they are to be placed on all other corners as directed by Superintendent of Streets. All lights are to be suspended at a distance of twelve feet from the ground unless otherwise ordered by the Superintendent of Streets.

Double or triple braided weather proof wire is to be used for the line service; all wire used in the installation throughout must be covered with suitable insulation.

The contractor must replace any and all lamps at such place or places, when they become unable to furnish satisfactory service for any reason whatever, at his own expense. The entire cost for poles, crossarms, pins, insulators, wires, arms, reflectors, lamps and all material and labor necessary to install this system, shall be paid for by the contractor.

In stringing the line wires, proper care must be exercised not to damage any trees along the line, and where it is necessary to trim trees it must be done by and with the consent of the Superintendent of Streets.

Lights are to be furnished on all dark nights beginning as soon as it is dark on each and every night, and continuing until 1:30 a. m. the morning following, unless during such time the moon gives forth sufficient light for pedestrians and drivers of vehicles to be properly guided on their journey.

The contract is to extend from January 1, 1896, until December 29, 1897, both inclusive, and bidders must specify the price per lamp per month for this service. Contractor must have the entire plant installed so as to furnish light on the first day of January 1896, as specified.

The Town of Berkeley is to have the option of extending its incandescent light service, not exceeding seventy-five lamps in addition to those herein specified; at any time prior to July 1, 1897, and at the same price per lamp per month and under the same conditions of the contract, and the contractor shall place said lights where directed, under all conditions of the contract and specifications.

Tenders will be received from bidders stating at what price they will give to the Town of Berkeley the option of purchase of said installation, said option to hold good until November 1, 1897. If the Town of Berkeley does not exercise said option of purchase within the time specified, the contractor shall remove said poles, wires, etc., within sixty days from the date of notice to remove is given to said contractor by the Superintendent of Streets, unless said contractor is in possession of a franchise for the erection and maintenance of a pole line on said streets.

A certified check for two hundred (\$200) dollars must accompany each and every bidder as a guarantee on the part of said bidder, if the contract be awarded to him or them, that he or they will well and truly execute a satisfactory bond in and for the sum of two thousand (\$2000) dollars for the proper execution of said contract, and when the said bond is executed and accepted said certified check shall be returned to said bidder; otherwise said certified check is to be forfeited to the town of Berkeley in lieu of liquidated damages. Checks of all unsuccessful bidders will be returned promptly.

The right is reserved to reject any and all bids. The lights are to be located at the intersection of the following streets:

San Pablo and Dwight way, San Pablo and Parker, San Pablo and Derby, San Pablo and Steuart, San Pablo and Grayson, San Pablo and Mason, San Pablo and Haskell, San Pablo and Allston way, San Pablo and Carleton, San Pablo and Ward, San Pablo and Oregon, San Pablo and Russell, San Pablo and Burnett, San Pablo and Carrison, San Pablo and Hopkins, San Pablo opposite Bay, San Pablo and Jones, San Pablo and Page, San Pablo and Rose, San Pablo and Gilman, Bristol and Second, Bristol and Seventh, Bristol and Eighth, Bristol and Ninth, Delaware and Seventh, Delaware and Third, Delaware and Seventh, Delaware and Eighth, Delaware and Curtis, Curtis and Bay, Holyoke and Fourth, Holyoke and Fifth, Rose and Second, Rose and Seventh, Prince and Callais, Prince and Sacramento, Woolsey and Harper, Addison and Seventh, Addison and Ninth, Addison and Tenth, Allston way and Fifth, Allston way and Tenth, Folger and Fifth, Folger and Seventh, Folger and Ninth, Allston way and Byron, Bancroft way and Byron, Bancroft way and Third, Bancroft way and Fourth, Bancroft way and Ninth, Bancroft way and Tenth, Channing way and Fourth, Channing way and Fifth, Channing way and Seventh, Channing way and Eighth, Channing way and Ninth, University and Second, University and Eighth, University and Ninth, University and Curtis, University and West, University and Acton, University and California, University and McGee, University and Grove, Virginia and Fourth, Virginia and Fifth, Virginia and Sixth, Jones and Fourth, Page and Fourth, Rose and Third, Berryman and Walnut, Prince and Grove, Woolsey and Sacramento, Woolsey and Stanford avenue, Fairview and Adeline, Fairview and Baker, Harmon and King, Alcatraz and Callais, Alcatraz and Baker, Dalton and Idaho, Haskell and Mabel, Mason and Ellis, Russell and Callais, Oregon and Mabel, Parker and Grant, Steuart and McGee, Carleton and McGee, Carleton and Fulton, Steuart and

NOT A SENSATION.

MRS. CARRIE ARBY LIBBY WAS NOT POISONED.

An Autopsy Reveals the Cause of Death as Strangulation of the Colon.

The GAZETTE announced last evening the death of Mrs. Carrie Abby Libby, which took place yesterday morning at the home of Mrs. Hustenden, at 1610 Todd street, Lorin.

The woman before she died stated that she had eaten some mush at the home of a friend in West Berkeley on Saturday and she thought that she had been poisoned. She gave the name of this friend as Mrs. Maud Brand. A thorough search of West Berkeley failed to discover the whereabouts of Mrs. Brand, or of any one who knew her.

After the body had been removed to the morgue all sorts of rumors were rife as to the cause of death, but these were soon set at rest by Dr. Eastman, who held an autopsy upon the body, and found that the deceased came to her death from strangulation of the colon, caused by an Umbilical hernia. Coroner Baldwin this morning held an inquest upon the body at the undertaking parlors of Alfred Brown on Center street.

The first witness called was Dr. J. S. Eastman who held the autopsy. He testified that he had found a large umbilical tumor on the left side, from which the colon protruded; also a prolapsus of the left ovary and of the womb. He also found a hard caloused spot of long standing, which was caused by the wearing of a pad. He found the walls of the stomach in fair condition for a woman of the deceased's age. He examined the stomach and found that there was no trace of poison in it, as it contained nothing but a little milk and oil. He attributed the cause of her death to strangulation of the colon.

Mrs. Amelia Hustenden was the next witness called. She testified that the deceased had come to her house on Saturday evening last and complained of cramps in her bowels. She was given some whisky and pepper, after which she retired. She got up Sunday morning but was still suffering with the cramps; she could not eat any breakfast but drank a cup of cocoa. After breakfast she took some salts but her suffering still continued. In the evening the witness kept making constant hot applications until about 2 o'clock in the morning. At that time the woman seemed to be getting worse and the woman sent her husband for Dr. Rowell, but before he arrived Mrs. Abby expired. She had known the deceased for seventeen years but did not know anything of her history other than that she was a widow and was over 50 years of age.

The jury brought in a verdict in accordance with the autopsy held by Dr. Eastman.

The writer, as he viewed the body of the deceased, could not help thinking how sad a case was this before him. There was an old white haired lady with a sweet motherly face, who, while poorly, was neatly clad, and whose features showed the suffering that she must have patiently endured for years, while at the same time she had to face poverty in its severest forms. Only a few days before her death she had been put out of her lodgings and what little furniture she had was piled on the sidewalk where it still remains because she was too poor to have it removed, and besides she had no place to remove it to. She then came to Oakland to the home of Mrs. Hustenden, a friend, whom she knew would give her shelter. There she died, and today she lay in the morgue without a friend or a relative in the world to cross her aged hands or to smooth the white hairs from her brow. Tonight she will sleep in the pauper's field there to be forgotten until that day when He who knew of all her sufferings and of her history shall summon her to the mansion that He has prepared for her in Heaven. For if any person is to receive a reward in Heaven this poor, venerable woman whose pure face is an index to her life is deserving of a place there.

Another Berkeley Enterprise.

Sometime ago Mr. Thomas Hann of this town discovered upon ground owned by him at Summerland, Santa Barbara county, good indications of crude petroleum. He proceeded to prospect the find and it was soon an established fact that in the depths of the earth there was large quantities of this modern fuel.

Without much ado he organized a company of Berkeleyans, in which George Schmidt, George H. Stricker, Joseph McClain, E. W. Topham, himself and others are interested. Work was immediately commenced to procure the raw material and send it to market.

The Standard Soap Company had recently changed their boiler appliances, so that crude petroleum could be used instead of coal. Arrangements were made with it to use the Alameda and Santa Barbara Development Company's product. Three car loads are expected on the ground to day, and the use of it will be immediately commenced at those works.

The petroleum company has made a contract with Niehaus Bros. & Co. to build a large receiving tank to the west of the GAZETTE's new printing office, for the purpose of holding the raw material as it arrives from the wells. From this receiver it will be distributed in Berkeley and elsewhere as the demand calls for it.

When the company was organized in Berkeley Mr. Thomas Hann was elected President, and E. W. Topham, Secretary. An office has been established where any information desired can be obtained.

Chronicle these new enterprises is a great pleasure to all concerned, as it adds more to the wealth of the town, as well as to giving more prominence to the town as a go-ahead place.

A Dramatic Entertainment.

The West Berkeley Dramatic Section of the Hermanns' Sons will give an entertainment and ball on Sunday evening, November 10th, 1895, in Sister Hall, for the benefit of the lodge. The piece to be performed is the "Artillerist in Battle" in which a fine cast has been made. The play will be produced under the auspices of Mrs. Jacob Klees. Those who will participate as actors are Mr. and Mrs. Jacob Klees, Mr. Charles Loebs, Julius Pfug, William Lanever, Miss Steigler and Mrs. Bakemann.

The public will find this an entertainment well worth the while to visit. The above named performers, although classed as amateurs are much better than many of the so-styled professionals.

Progressive Club.

This lively go-ahead club will hold a regular meeting this evening and there will be plenty of business on hand to attend to. With this club matters have improved wonderfully of late. Some time ago it required considerable drumming to get members to attend the meetings. Now it is hardly necessary to make the announcement, yet it is done for formality's sake. There will probably be some lively discussions going on tonight and it is well for all hands to be present if they want to keep up with the times and be up to date as to information.

Real Estate Transfers.

R. W. and Annie E. Sears to Joseph McNamara, lot on north line of Dwight way, 393 feet west of its intersection with the line between plats 61, 67, Rancho D. and V. Peralta.

Notice.

A. Couval, of the Franco-American Bakery, corner of Fifth and Delaware streets, West Berkeley, desires to notify the public that from and after this date he will not be responsible for any debts which may be contracted by his former partner, J. La Fargue.

SMILED SERENELY.

WHEN HE WENT INTO THE COURT ROOM

This Morning and Has Never Been In Better Humor Since the Trial Began.

Special dispatches to the GAZETTE.

In Good Humor.

San Francisco, Oct. 29.—Durrant smiled serenely when he came into Court this morning and he never seemed to be in better humor. He glanced about the Courtroom and had a nod and a smile for every one he knew. General Dickinson resumed his argument and started in by saying that the murderers of Blanche Lamont had never been discovered. He regretted that the police investigation had not been more rigid. The church belfry had never been thoroughly examined when the body was found. Had the proper authorities then investigated the belfry some clue to the murderers might have been found. No such investigation or search had been made for clothing or clues until after the body had been removed and several people had passed and repassed through the belfry and over the belfry stairs.

Whether footprints had been found or not, there was a preponderance of evidence to prove. In his mind there never was any evidence that the girl had been murdered in the belfry. Concerning witness Quinlan, he said his character had been impeached. He declared that the evidence of Oppenheimer was false, and that the witness did not tell the truth about the ring. Subsequently he made glaring mistakes as to the identification of men who had dealings with him. He also called the attention of the jury to the discrepancies in the testimony of every one who had identified Durrant, and other inaccuracies in the testimony given. Durrant's physical condition was such that he could not have committed the crime alone; there must have been two men who committed the murder.

Referring to Miss Carrie Cunningham he said: She is in form and appearance a woman, and consequently is safe from criticism from me. She is really the deceiver, the snake coiled up in the nest of her friendship, the snake that tried to lure Durrant on to destruction and death. Her story was illogical and incorrect and inherently untrue. He closed with a reference to the roll call, which he said was evidence that could not be impeached. When Court resumed in the afternoon Duprey made a few remarks as introductory to his argument which he will make tomorrow morning and which he says will last about two hours.

Another Trust.

Chicago, Oct. 29.—A local paper says that the Storage Battery Patent of this country has passed into the hands of a trust. Its official name is the Electric Storage Battery Company. Its capital stock is \$10,000,000 and its headquarters will be at Philadelphia. W. W. Gibbs of Gas trust fame is its President.

Peace Required.

New York, Oct. 29.—A Herald's special from Panama published the following statement from General Alfarero: "I am continuing the disbandment of the army. I intend to give my attention to the work of building a railway through the interior. The country wants tranquility and I will do all I can to help it out."

To Recruit in the United States.

Rockford, Ill., Oct. 29.—W. H. B. Cram, who is interested in Cuban affairs and who is in communication with the insurgents headquarters at

New York, will open up a recruiting station in Rockford on November 1st.

Although bound to secrecy he let drop the fact that there would be 25,000 young men of good physique and habits, recruited after the mass meetings which will be held in all the cities of the United States on October 31st.

Peralta Company's Entertainment.

The grand benefit entertainment of the Peralta Hook and Ladder Company, which was held in South Berkeley Saturday evening was in every respect a success.

The attendance was large and enthusiastic, and the firemen will net quite a sum.

The program opened with a piano and violin duet by the Cook brothers. Then Mrs. Brown delivered a recitation.

Charley Slamberg, accompanied on the piano by Mrs. Brown, gave a clever exhibition of club swinging. Miss Amanda Josephi read "Lights from over the Range" in a very acceptable manner, and for an encore read "Too late for the Train." Joe Healy next convulsed the audience with an Irish sketch. Chinese impersonations by James Cook also amused the audience.

The athletic features of the entertainment commenced with a three-round bout with the gloves by J. C. Berry of the Crescent Club and Charley Slamberg of the Acmes.

Will Rogers and Joe McClellon next donned the gloves for three rounds, and gave a good exhibition.

Berry and Foss of the Crescents, and Slamberg, Acme, and Lutgens, Crescent, then took part in a couple of wrestling bouts.

One of the best exhibitions of the evening and the closing number on the program was an exhibition by Kinne and Reed of the Crescent Club.

The floor was then cleared for dancing and the participants enjoyed themselves until early in the morning.

GAZETTELETS.

Frank Rolla, who is at present residing at Peralta Park, will move on November 1st to the new residence recently erected by Judge Lord in North Berkeley.

The suit commenced by Emily Charlotte Langtry, known as Lillie Langtry, against Helena Bozenta Chlapowski has been dismissed. The latter is better known as Helena Modjeska.

There was a blaze in the boiler room of the Judson Iron Works on Saturday evening and the damage done has been estimated at about \$400. The employees were able to put it out.

It is very probable now that San Pablo avenue is being macadamized to the county line, within the limits of Berkeley, that the Board of Supervisors will put it in good condition from the Berkeley line to the Oakland line, such a request having been made yesterday to the Board by the Golden Gate Improvement Club.

Frank Hoff will on November 1st open up a first class grocery store on the corner of Ninth street and University avenue, which he will stock with a large stock of fine fresh groceries, which he will sell at San Francisco prices. Bob Abel, well and favorably known in this community, will be in charge as manager.

A novel sight, last evening, was a young man mounted on a light frame work to which was attached four wheels, placed upon the railroad track at West Berkeley. Pedal gearing similar to that used on a bicycle was used for machinery to set it in motion. Between the passing of trains this novel vehicle was practiced upon much to the amusement of spectators. Considerable speed was developed and the machine showed to what use it could be put to upon a railroad track.

Mrs. N. E. Williams, who conducts the Delaware street notion store, is doing a flourishing business. The reason for this is because she sells her goods at a small profit, and consequently sells a large amount. Toilet soap is sold three cakes for 25 cents; Coats' machine cotton, six spools for a quarter; tobacco of all kinds, three packages for 25 cents and all other goods in proportion.

TOWN OFFICIAL PAPER.

TUESDAY, OCTOBER 29, 1895.

ON TO WASHINGTON.

Congressman Hilborn will take his departure for Washington on Saturday next in order to be on the ground in good season for the next session of Congress. As the Republicans will play a very prominent part in National matters during the coming winter it will be necessary to make some preparations ere the practical work begins.

Our Congressman has been far from idle during the past six months. In fact he has been doing the very heaviest part of his work. The foundation has been laid for his future movements and quite likely the only deviation there will be from the work he has set out will arise from unforeseen circumstances.

In the early part of the season Congressman Hilborn made a special trip to the Hawaiian Islands in order that by personal observation he might be thoroughly posted in all of the inner affairs of that beautiful oasis in the Pacific Ocean. When matters pertaining to it come up in Congress he can speak from a standpoint that will give a great deal of strength to what he may say and cause close attention of the House of Representatives.

On his return to the Pacific Coast in connection with the California delegation he took a personal survey of all the rivers and harbors and now knows all the details of California's wants in matters appertaining to this branch of the service.

Several trips to the Mare Island Navy Yard impressed upon his mind what has been done there of late years and of what more is still necessary to be performed. In regard to the Navy Yard he possesses a good fund of information as he has been well acquainted with everything going on there from the first day that Captain (late Admiral) Farragut first hoisted the American flag over it in 1854.

The San Francisco postoffice, custom house, mint and all other public institutions have also passed under his practical observance. California will look to him this winter as one of the ablest promoters of matters to the benefit of the Pacific Coast, in which he will be strongly supported by the whole Coast delegation.

Congressman Hilborn has many advantages in his favor to help his constituency along. His experience heretofore in Washington will give him an opportunity to go right into the midst of things instead of starting in and finding his way as he goes along.

Another thing of more help to him than anything else, and it counts very large, is his intimate acquaintance with the Hon. Thos. B. Reed, who will be the next speaker and who will assist him in whatever he undertakes to do. This is a position that will give him an influence that many representatives do not get in a lifetime.

California is to be congratulated in having a man of Congressman Hilborn's knowledge, influence and tact to serve her interests and we are sure she will not be disappointed in the work he will perform while he holds his present office.

The Berkeley Postoffice.

By degrees the delivery system of the Berkeley postoffice is being increased and the time will not be very long before the whole town will receive the benefits of it. On and after the first of November an additional carrier will be employed. The service has increased so much from the time it went into operation that the work became too much for the present force to attend to in as efficient a manner as was required. An additional carrier has been appointed and will enter on his duties as stated above.

"The ground to be newly covered

will be beyond its present limits in all directions, particularly so in North and South Berkeley. This increase in the service has been caused, of course, by the increased receipts of the office some time ago. The people of Berkeley must understand, however, that if they wish to keep what they have got now and even extend the accommodation still farther, it will be necessary for them to help the matter along by purchasing their stamps and doing all of their mail business with the Berkeley office as upon the amount of business the office does so is its facilities increased. Since the delivery system went into operation a less number of people go to the office and the sale of stamps has been diminished. Should this continue there is a probability that, if the receipts diminish the carriers will be taken away after the end of the fiscal year.

It behooves every person in Berkeley then to do as much business at home as he possibly can and also influence his neighbor to do the same thing in order that we may be progressive and not be looking backward.

Mrs. N. E. Williams, who conducts the Delaware street notion store, is doing a flourishing business. The reason for this is because she sells her goods at a small profit, and consequently sells a large amount. Toilet soap is sold three cakes for 25 cents; Coate's machine cotton, six spools for a quarter; tobacco of all kinds, three packages for 25 cents and all other goods in proportion. 156

If you want to purchase gents' furnishing goods, children's toys, cigars and tobacco, why, go to Abraham Cohen's on San Pablo avenue between Alcatraz and Dalton street, Golden Gate. He sells as cheap as the city. 137

Get your watches, clocks and jewelry repaired at R. A. Curry's 2124 Center street, Berkeley. Diamonds, watches, silverware, clocks, jewelry of all kinds on hand. Work guaranteed. 152

A. P. Warren, the horse clipper, can be found at Waterbury's stables, East Berkeley, or at Vasey's blacksmith shop, San Pablo avenue, near Addison street. 155 2 W

There is one thing in this world that in order to give satisfaction has got to be perfect, and that is a photograph. Naturally the artist who is thorough in his business and produces perfect pictures gets the trade. This accounts for the immense business done by Evans, the photographer at 1065 Washington street. He takes the finest cabinets in the land for \$3 per dozen and has a large Berkeley patronage. 102

The advertiser would like to secure a horse for light driving for its keep. Address H. L. N., 1717 Twelfth street, West Oakland. 11
